# MAINTAIN AND PROTECT HARDWOOD FLOORS

## MAINTENANCE OIL

AEROGREEN® 4200 Hardwood Floor Maintenance Oil enhances the natural beauty of your oiled wood floors. With a unique blend of natural oils that penetrate into the wood and bond at a molecular level, the wood becomes stronger but leaves the texture and color unobstructed.

- For use on all types of oiled wood floors
- Leaves a natural glow for wood floors; buffing the floor with a soft pad or buffing machine once the floor is completely dried enhances the shine
- Provides floors with additional hard wear properties in the upper pore layer
- Contains no solvents or hazardous chemicals
- Light pleasant odor
- Can be applied by hand with a clean cloth, clean mop, lambs wool pad or paint roller

### AEROGREEN 4200 MAINTENANCE OIL

SMIS NUMBER	AEROGREEN PART NUMBER	SIZE
1017-63118	4200MOQ12	32 oz.
1017-63191	4200MOG4	1 gallon
1017-63209	4200MOP	5 gallon

## REVITALIZER

For regular cleaning and maintenance of oiled hardwood floors use AEROGREEN® 4210 Revitalizer Oil, which helps provide the surface with a protective finish and highlights the natural grain of the wood.

- For use on all types of oiled wood floors
- Gently cleans and maintains floors
- Adds essential oils to nourish wood as it's cleaned
- Helps extend life of the wood floor
- Contains no solvents or hazardous chemicals
- Light pleasant odor
- Can be applied by hand with a clean mop or lambs wool pad

### AEROGREEN 4210 REVITALIZER

SMIS NUMBER	AEROGREEN PART NUMBER	SIZE
1017-63217	4210RQ12	32 oz.
1017-63225	4210RG4	1 gallon
1017-63233	4210RP	5 gallon

Hardwood floors are a popular flooring choice due to the aesthetic appeal, durability and easy maintenance. However, to maintain the integrity and beauty of wood for years to come, it is crucial to use products that will allow the flooring to withstand daily wear and tear. AEROGREEN® products will help maintain, revitalize and clean hardwood floors.

## FLOOR CLEANER

AEROGREEN® 4220 RTU (Ready to Use) Wood Cleaner is a safe and effective product that completely cleans your wood floors by gently and effectively removing dust, dirt and grime.

- Dries quickly, without leaving a dulling residue behind
- Ready to use, simply spray and mop with no rinsing required
- Safe for all hardwood, laminate, unwaxed and polyurethane finished wood floors

### Cleaning Hardwood Floors

Cleaning hardwood floors is essential for protecting and maintaining its beauty. However, improper methods and products used for daily and periodic deep cleaning are one of the main causes of damage to commercial hardwood floors. Avoid harsh chemicals or products that contain waxes, bleach, ammonia, polishes, oil soaps or abrasive materials that can harm the wood and cause the finish to become dull or compromise recoating treatments. It's also important to not use dust mops with chemical treatments, such as silicone and acrylics, which can leave behind a residue and could prevent proper adhesion for future floor coatings.

Following preventative measures to protect your floors from damage is easy and relatively inexpensive.

- Use protective felt pads on furniture and fixtures to prevent scratching
- Place rugs down in high-traffic areas
- Avoid daily vacuuming or sweeping to remove dirt, sand or grit because it can act like sandpaper and damage your floors
- Use AEROGREEN 4220 RTU - a non-toxic, waterborne formula that meets stringent VOC regulations - to clean your wood surface without leaving a film or residue behind

### AEROGREEN 4220 RTU WOOD CLEANER

SMIS NUMBER	AEROGREEN PART NUMBER	SIZE
1017-63241	4220WCQ12	32 oz.
1017-63258	4220WCG4	1 gallon
1017-63266	4220WCP	5 gallon
